**YOKOHAMA**

UP TO **\$100**  
IN REBATES

Oct. 1<sup>st</sup> - Nov. 30<sup>th</sup>

**DID YOU  
KNOW?**

Winter tires are designed and optimized for driving on snow and ice at temperatures below 7°C. Winter tires work on mud, snow, ice as well as wet and dry pavement.

Winter tires are made from special rubber compounds with deep tread depths with more complex tread patterns. They have what are called "sipes" – tiny slits in the tread that provide more traction on ice & snow.

Please be sure to check for updates. Offers may change without notice.
